Menace to Locusts.
Locusts in Algeria have found a dangerous enemy in a fly which follows them and lays its eggs where they lay theirs.

A NASTY COLD**EASED AT ONCE**

"Pape's Cold Compound" then breaks up a cold in a few hours

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery. The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness. "Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's!

Remember this Christmas day that love is the strongest thing in the world, and that the blessed Life which began in Bethlehem is the image and the brightness of the Eternal Love.

Out of everything you get exactly as you put it into it. If you feel that Christmas has degenerated into a mere commercial barter of gifts, seek the cause in your own self.

Christmas Chimes

From Painting by Blasfield.

Why?
Into the end of the handle of a new toothbrush can be inserted a card with its owner's name.

Speaking the Truth.
When a man speaks the truth in the spirit of truth his eye is as clear as the heavens.—Emerson.

To Start a Clock.

The stopping of a clock may be due to clogged wheels. Thoroughly saturate a piece of white cotton with kerosene oil and place it inside the clock case. Probably at the end of a week the cotton will be black with dust that has been loosened by the fumes of the oil and the clock will run as well as ever.

The Thoughtless Answer.

A certain Kansas City physician will never know just how near death he was the other day when, after a thorough examination of probably the brightest, sweetest and altogether supreme nine-months-old baby in the world, the mother asked, "Well, what do you think of my baby?" and he said, "Oh, it's a normal child."

He Knew Papa.

Bernice was just recovering from an attack of the flu and the first day she was able to sit up she said: "Mamma, I'm going to ask daddy to buy a tricycle." Her brother, who was playing in the room, spoke up: "Well, you'd better strike him for it right away, for if you wait till you gets well you mightn't get it."

Does Your Engine

Chug?

Does it knock?
Does it jerk?
Does it wheeze?

If so, it needs attention, and needs it without delay. It should run smoothly and have a purring sing to it, otherwise there is something out of kilter.

DON'T CHUG, KNOCK, JERK OR WHEEZE AROUND IN A DEFECTIVE CAR. YOU MAY BE TAKING YOUR LIFE IN YOUR HANDS—AND YOUR LIFE IS WORTH MORE THAN A SMALL REPAIR BILL.

CHUG ALONG TO OUR SANITARIUM—AND RIDE AWAY LIKE A KING
